DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of Group I, claims 4-9, in the reply filed on 10/22/2004 is acknowledged. The applicant has indicated in his communication that he has cancelled original claims 10-17 **with traverse**. It is not clear whether the election of species is with traverse or simply the cancellation of claims. Regardless, the requirement for an election of species is proper and is made FINAL. The applicant has reserved the right to prosecute the non-elected claims in a divisional application. The Examiner suggests filing the divisional application.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 4-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 4, line 7, the terminology, "the plurality of users" lacks antecedent basis.

In claim 9, the terminology, "business solutions (products, services, and combinations thereof)" is indefinite.

Allowable Subject Matter

Claim 4 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 5-9 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
